PERFORMANCE COLLECTION
MADE IN ITALY

Giovanni Soldini

One of the world's most famous sailors, who has 25 years experience of ocean racing, including two around-the-world solos and more than 40 transoceanic races.

Giovanni Soldini and FILA - a sports brand with a history of challenges and innovations lasting more than 110 years - are partners of glorious oceanic enterprises since 1996.

“SFI514

Sunglasses designed in collaboration with the sailing champion Giovanni Soldini. The style, with its ultra wrap-around front piece, protects the eyes against strong winds and is made from special materials that enables the frame to float, making it perfect for sailing and for all water-based sports. The Zeiss lenses, all with a Ri-Pel™ water-repellent treatment, are also available in a polarized option.

U28P:
