PERFORMANCE COLLECTION

2024

“SFI514

Sunglasses designed in collaboration with the sailing champion Giovanni Soldini. The style, with its ultra wrap-around front piece, protects the eyes against strong winds and is made from special materials that enables the frame to float, making it perfect for sailing and for all water-based sports. The Zeiss lenses, all with a Ri-Pel™ water-repellent treatment, are also available in a polarized option.

U28P:
SMOKE POLARIZED, ANTISCRATCH,
WATER REPELLENT LENS.
